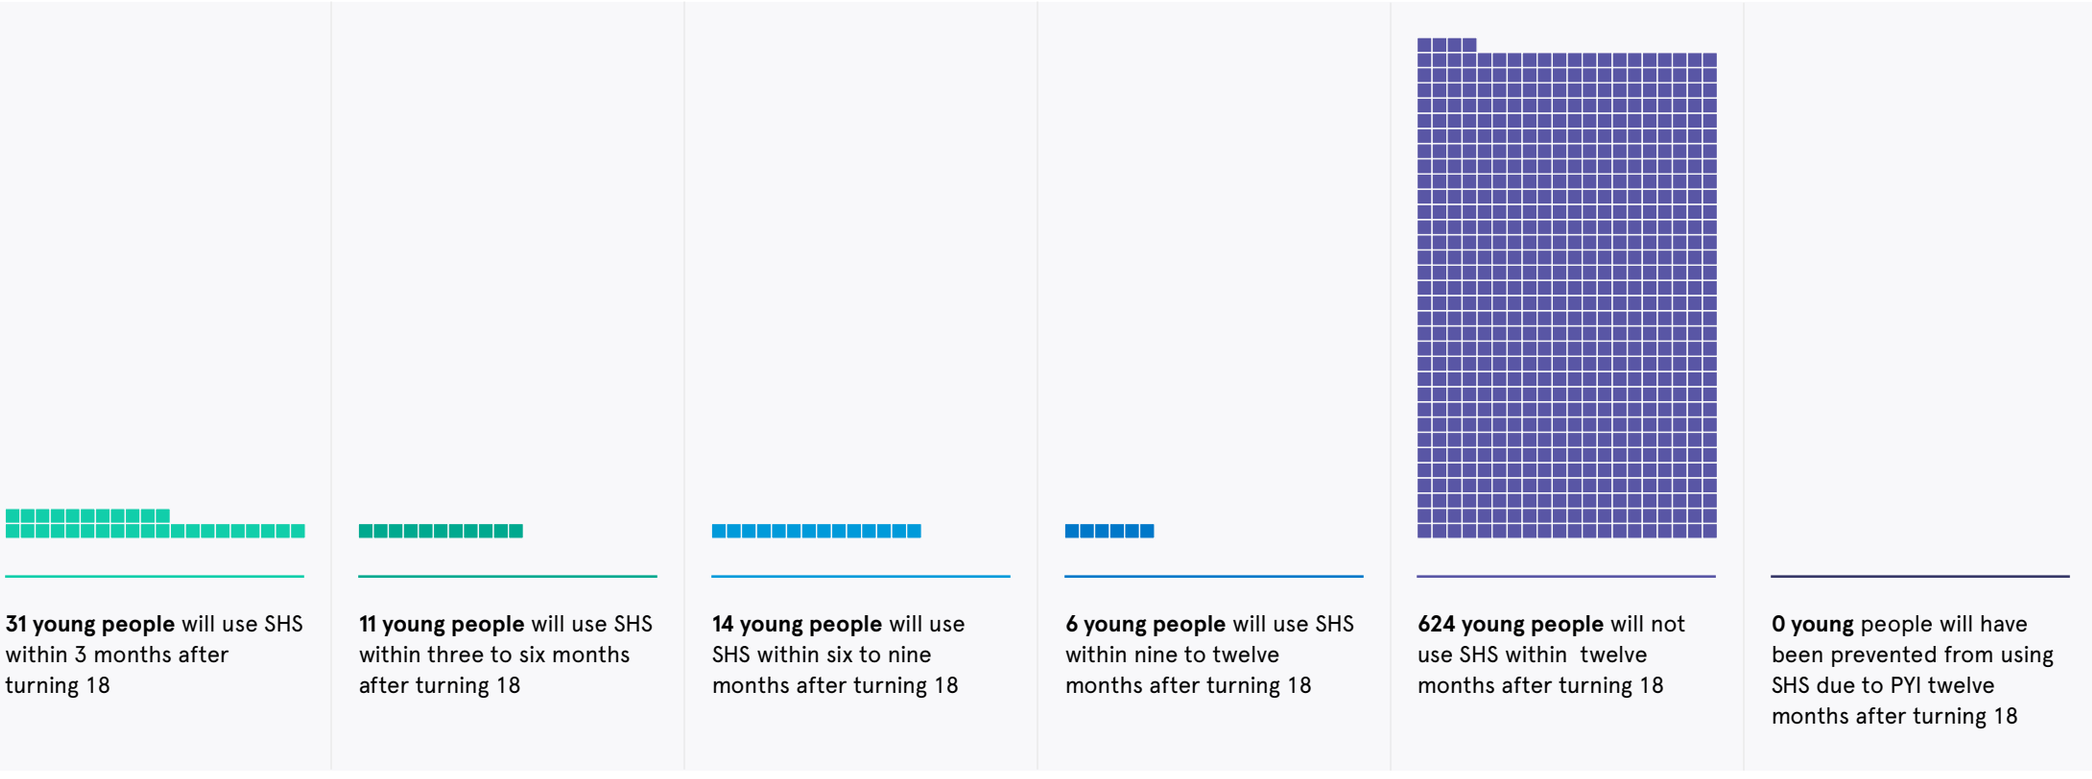
If 1000 young people, similar to those in this study, received PYI...

686 young people will have not used SHS before they started PYI, of those...



31 young people will use SHS within 3 months after turning 18

11 young people will use SHS within three to six months after turning 18

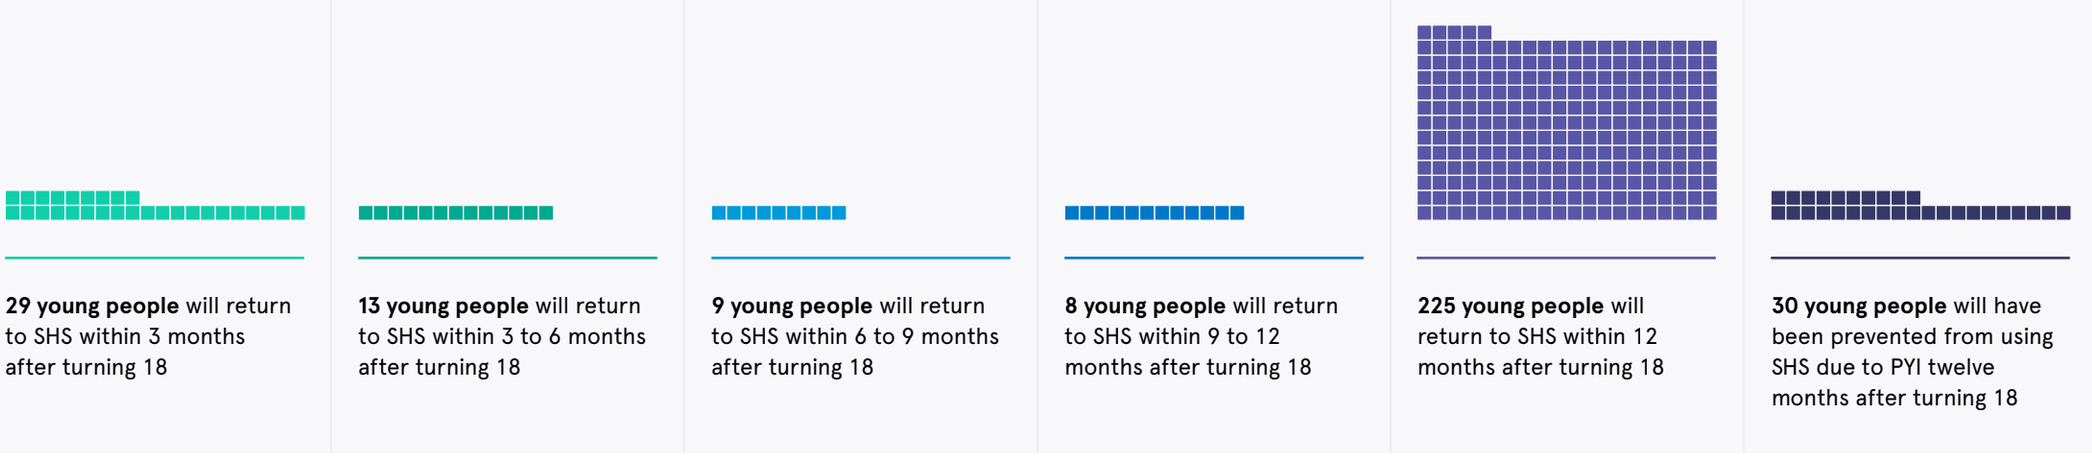
14 young people will use SHS within six to nine months after turning 18

6 young people will use SHS within nine to twelve months after turning 18

624 young people will not use SHS within twelve months after turning 18

0 young people will have been prevented from using SHS due to PYI twelve months after turning 18

314 young people will have used SHS before they started PYI, of those...



29 young people will return to SHS within 3 months after turning 18

13 young people will return to SHS within 3 to 6 months after turning 18

9 young people will return to SHS within 6 to 9 months after turning 18

8 young people will return to SHS within 9 to 12 months after turning 18

225 young people will return to SHS within 12 months after turning 18

30 young people will have been prevented from using SHS due to PYI twelve months after turning 18
